WHERE THREE SHOWS

Extensive Plans for Entertainments This Week at Grand

Central Palace.

A three-ringed moving picture carnival will occupy the exhibition halls of the Grand Central Palace beginning Thursday. Three individual moving ploture theatres have been laid out in the large auditorium and three separate shows will be carried on simultaneously. For one admission price the patron may pass from one to the other, the whole constituting eight hours' amusement.

The management has installed an ice cooling system which, it is said, ice cooling system which, it is said, will keep the theatres at the average temperature of 65 degrees. An innovation in motion picture projections has been instituted, projection being made from the rear and thrown on a translucent screen.

In the rear there will be a terraced garden embanked in flowers where garden embanked in flowers where patrons may sit and partake of refreshments. From this terrace there will be an unobstructed view of the three scenes.

There will also be a registration department where the patrons who have aspirations of becoming moving picture actors and actresses may enter their names. These names will be forwarded to responsible motion picture studios.

The performance will continue from 11 A. M. until 11 P. M. The exhibition 11 A. M. until 11 P. M. The exhibition chambers will have a capacity of accommodating 20,000 persons daily.

MISS M'ADOO RETURNS; DID NOT QUIT HOSPITAL TO AVOID MENIAL WORK

Says Four Months' Active Work Among Wounded Exhausted Her Strength.

Miss Nona McAdoo, daughter of the Secretary of the Treasury, after nearly four months' service in the American Ambulance branch hospital at Neuilly, near Paris, returned home to-day on the Rochambeau, of the French line. With her was her friend, Miss Katherine Britton of Washington. Miss McAdoo expressed annoyance over reports that she had given up work in the hospitals because of her dislike for menial ser-

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spurmax face lotion find it much better, as it removes skin dis-olorations, such as freekles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spurmax in one-half pint hot water, then adding two teaspoonfuls glycerine. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both sbininess and sallowness, rapidly giv-ing the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural seem very much beavier than it is.
